

4 Week Interval Pitching Flat Ground & Mound Program

Warm-up:

Jogging, jumping rope, etc. to increase blood flow to the muscles; once a light sweat is developed, move to stretching. Warm-up throws (not to exceed 120 ft) should then be performed.

Pitching:

Progress to the next step of the program once current step is accomplished completely free of pain. Allow at least 48 hours to pass between successive steps. Athletes progress at different rates. There is no optimal length of this program. Once the last step is completed successfully, the athlete is ready to return to unrestricted pitching.

WEEK 1: Flat Ground & Mound (Fastballs only)

Day 1: Warm-up
15 fastballs on flat ground @ 50%

Day 2: **REST**
